 211-415-801F	Tie Rod Assembly, Left or Right, Adjustable, 1968-79 Type 2, 211-415-801F	Tie Rod Assembly, Left or Right, Adjustable, 1968-79 Type 2, 211-415-801F includes 2 tie rod ends and the tie rod. This is the adjustable version so you can properly align the car. Tie rod ends are often siezed in the tie rod, this prevents that problem! Normally busses have the left tie rod adjustable, and the right one not. But you can install adjustable on BOTH sides to get the alignment perfect and center the steering wheel.	1	<del>\$49.95</del> \$35.00
 211-415-802F	Tie Rod Assembly, Right, Non-Adjustable, 1968-79 Type 2, 211-415-802F	Tie Rod Assembly, Right, Non-Adjustable, 1968-79 Type 2, 211-415-802F includes 2 tie rod ends and the tie rod. This is the fixed version, normally used on the right side. The Non-Adjustable version is much less \$, just adjust the Adjustable one.	1	<del>\$49.95</del> \$35.00
 211401263A	Volkswagen Bus Rubber Stop Torsion Arm Lower/Front	Rubber stop torsion arm lower/front	1	<del>\$14.39</del> \$7.00
